MINUTES OF TOWN MEETING - MARCH 10, 1966

EXCEPTING SECTIONS APPEARING ELSEWHERE IN THIS TOWN REPORT

Moderator, Frederick Houle, opened meeting at 7:30 P.M. and it was agreed to delay the business meeting until 8:00.

Article 2. The Budget was taken up item by item, at the end of which it was voted that the sum of \$154,079.71 be raised and appropriated as the total Town Budget figure.

Articles 3, 4, 5, 6, 7, 10, 13 and 14 were all routinely passed in the affirmative.

Article 8. It was moved and seconded that this article be passed over. The motion to pass over the article was voted on and lost. It was then moved that the article be passed in the affirmative, seconded, and put to a vote. A standing vote was required and the affirmative vote was confirmed.

Article 9. It was moved that the article be passed over indefinitely, put to a vote, and passed in the affirmative.

Article 11. It was motioned that this article be tabled until such time as the Master Plan should be approved. After much discussion, the motion was amended to read "pass over this article." It was duly seconded and passed in the affirmative.

Article 12. It was moved that this article, to establish a Conservation Commission, be passed in the affirmative. Upon a vote, the article was passed in the affirmative.

Article 15. It was moved and seconded that this article be passed over. It was explained by the Chairman of the Budget Committee that this article was put in without their recommendations because of lack of information. Upon the question, the article was passed over.

Article 16. A motion made that all town-owned land be retained until such time as the Conservation Commission, Fire Station and/or Police Station Committee, have studied the possibilities of using any of this land. The motion was seconded and passed in the affirmative.

A motion was made that all Property Taxes be published in the Town Report next year and then every five years thereafter. It was seconded, and upon voting, the motion was lost.

It was moved that a transcript of this meeting be published in next year's Town Report and also in successive years, seconded and passed in the affirmative.

It was asked that the meeting reaffirm action taken at the 1956 Town Meeting under Article 12 to have all town departments itemize their expenses. This motion was seconded and passed in the affirmative.

The meeting adjourned at 11:27 P.M.

NOTICE

On Town Meeting Day, March 14, 1967 the polls will be open for voting from ten o'clock in the morning, until eight o'clock in the evening. Articles of the Warrant will be taken up on March 16, 1967 at 7:30 in the evening. Both meetings will be held in the E. G. Sherburne Auditorium.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

January 25, 1967

Board of Selectmen
Pelham, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Pelham for the fiscal year ended December 31, 1966, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Cemetery Trustees, Library and Municipal Court.

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1965 - December 31, 1966: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1965 and December 31, 1966, are presented in Exhibit A-1. As indicated therein, the Surplus decreased by \$7,764.35, from \$35,491.44 to \$27,727.09 in 1966. Inasmuch as there were no outstanding bonds or long term notes, the Balance Sheet Surplus of \$27,727.09 represented the Current Surplus (excess of total assets over current liabilities) as of December 31, 1966.

Analysis of Change in Financial Conditions: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

<u>Decrease in Surplus</u>		
Decrease of Cash in Hands of Tax Collector (Interest)	\$	0.02
Surplus Used to Reduce Tax Rate		<u>8,900.00</u>
		\$8,900.02
<u>Increase in Surplus</u>		
Excess Credits - Tax Collector	\$	390.96
Net Budget Surplus		<u>744.71</u>
		<u>1,135.67</u>
Net Decrease		\$7,764.35

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1966, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$2,052.92, less a net overdraft of appropriations of \$1,308.21, resulted in a net budget surplus of \$744.71.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1966, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1966, is indicated in Exhibit B-2.

Cemetery Trustees' Accounts: (Exhibit F-1)

A statement of the activity in the Cemetery Trustees' Accounts for the fiscal year is presented in Exhibit F-1.

Municipal Court: (Exhibit H)

A statement of the accounts of the Municipal Court is contained in Exhibit H.

GENERAL COMMENTS

Surety Bond:

The surety bond of the Town Clerk should be increased from \$7,500 to \$10,000.

Overdraft of Appropriations and Application of Municipal Budget Law:

It is noted that there was a net overdraft of appropriations of \$1,308.21 in other words total expenditures exceeded total appropriations by this amount. In accordance with the provisions of the Municipal Budget Law (RSA 32:10) application was made to the Tax Commission by the Board of Selectmen, with the approval of the Budget Committee, to exceed budgetary appropriations. A certificate of emergency authorizing the excess expenditures was issued by the Tax Commission under date of January 16, 1967.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next report of the Town.

We extend our thanks to the officials of the Town of Pelham for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Pelham for the fiscal year ended December 31, 1966. In our opinion, the Exhibits included herewith reflect the true financial condition of the Town as of December 31, 1966, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

O. Maurice Oleson, Auditor

REPORT OF HIGHWAY AGENT

The Town of Pelham is growing at a rapid pace due to its central location between Nashua, N. H., Lowell and Lawrence, Mass. and the easy commuting distance to many large businesses. This brings out the point of having better all weather roads. People do not like to be late for work much less miss work. I do not believe this has happened to many people in the last few years.

The Town has set up highway specifications by which developers must abide. I believe as your Highway Agent I have followed these specifications as near as possible on our New Construction projects. Spring Street, Jericho Road, Lane Road, Old Lawrence Road, Old County Road and Webster Avenue are some examples. This work will not have to be done over if any more new building is done on them. We have a few miles of road that are still gravel and should be rebuilt. We also have many miles of road that were tarred when they were only a few homes on them, but today have much more traffic; namely Sherburne Road, Ledge Road, Wharf Road, Hobbs Road, Jeremy Hill Road, Simpson Road and Currier Road. Part of Currier Road and Ledge Road have been proposed for new construction this year. When these roads were built they were adequate; however they will not meet today's requirements.

Summer maintenance money is divided throughout the 50 miles of gravel and tar roads for repairing, washouts, grading, brush cutting, gravelling, mud holes, improving drainage and replacing culverts, installing new ones where water problems exist or correcting a problem that slows up snow plowing in the winter. Patching all the various tar roads is a regular job particularly in the spring after the frost goes out and in the fall before it sets in again.

I met with the Budget Committee and made my recommendations for projects that should be undertaken. They saw fit to cut the total on New Construction projects in what they thought was for the best interests of the taxpayers. I firmly believe the foundation of the Town is the road system, and if we expect good service from the Fire and Police Departments and safer roads for our school children to ride over we need to keep up with the growth of our Town and not go backwards. This is not holding down the tax rate but prolonging sound improvements to our highway system that will become more costly as the Town grows.

Pelham has another problem facing it as we still have three wooden bridges, two within the town and one leading into Windham. These are being taken care of out of Summer Maintenance. I believe we should make plans for the future reconstruction of these as it is only a matter of time when the areas where these are located will be developed and we will be faced with a larger outlay of money. The State of New Hampshire has turned two sections of State Highway back to the Town which we will have to maintain as a result of relocating Route 38, Gage Hill Road from Rita Avenue to the new traffic lights, Bridge Street from Pelham Center to Atwood Road which also has a stone bridge that was posted for ten ton and may need repairs at some future time.

I exceeded my total Highway appropriation by less than 4%, a large part of it being in Winter Maintenance over which we have no control. We have to be prepared for winter and if it snows we must remove it. With summer Maintenance there were many more problems that could have been corrected. Under the present system the Town gets the benefit of a considerable amount of equipment. As it is now, I divided the work amongst other taxpayers as shown in the accompanying report.

Respectfully submitted,

ROBERT B. FLETCHER
Highway Agent

REPORT OF PLANNING BOARD

Your Planning Board held their usual monthly meetings on the first Monday of each month plus numerous special meetings and field trips when they were required. The Board also held Public Hearings relative to the new zoning proposal of the Master Plan. At these meetings many changes were suggested and much work had to be done to rewrite the proposal. The Board has met many times with the Town Council to correct the text and we hope that it will be completed and presented to the People of Pelham this spring. At this time, as Pelham is so rapidly growing, this plan is a necessity for proper controlled growth and conservation of our beautiful countryside.

Respectfully submitted

PELHAM PLANNING BOARD

JOHN E. REGAN - Chairman - Secretary

J. EDMUND LANDRY

MITCHELL E. KOPACZ

LEO E. SEVIGNY

ERNEST KNIGHTON

CHARLES PORTER

JAMES P. EMMERSON - Selectman

REPORT OF BOARD OF ADJUSTMENT

The Board of Adjustment meets regularly on the second Monday of each month to hear any appeals. In order to be heard, an application must be in the hands of the clerk not later than ten days before the next scheduled meeting, in order to comply with the regulations which require public notice of each appeal to be given in the Nashua Telegraph and posted at the Town Hall at least ten days prior to the hearing, as well as personal notice given to applicants and abutters.

At their regular meeting in November, it was voted to amend the by-laws to include under Appeals "A fee of \$10.00 will be charged for an application for an appeal." It was felt by the Board of Adjustment and the Board of Selectmen that a fee was in order at this time, since the cost of appeals add to the tax burden of each individual and a check of the surrounding area indicated that most other Zoning Boards charged a fee for appeals.

During the year 24 cases were heard and decided after careful consideration. Each member of the Board was provided with a copy of a booklet published by the Department of Resources and Economic Development entitled THE BOARD OF ADJUSTMENT IN NEW HAMPSHIRE which outlines the duties of such a Board and the basis for deciding cases.

The Board was involved with a Court Case during the year which resulted in the Board's rehearing the disputed case.

In March, Charles Hauser and Haven Strout were appointed to the Board as new members, and Robert Dickie and R. Irving Buck as Alternates for the year.

Resignations were received and regretfully accepted from Richard Ivers and Raymond Neault. These men were replaced by Fabien Chiasson and Richard Avery.

MILLIS C. PELTON, Chairman
HAVEN STROUT, Vice-Chairman
CHARLES HAUSER, Clerk

R. IRVING BUCK, Alternate

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

Fire records are made by people---those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres - - a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A. M. and 5:00 P. M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important - instruct your children that matches are not play things.

TRULY - ONLY YOU CAN PREVENT FOREST FIRES

WINTHROP H. HANNAFORD
District Fire Chief

RICHARD C. MANSFIELD
Forest Fire Warden

POLICE DEPARTMENT

POLICE PHONE - 635-2411

In this report to you, the Town's People, I have previously referred to the growth of the Town. This, as I have stated, in many ways causes a tremendous increase in the work-load of the Police Department. As the town grows, everything increases: complaints, larcenies, thefts, breaks, traffic violations and everything in general. We have 27 square miles to cover with 1 cruiser, with one end of town 7 miles from the station. I have set up a schedule for night time, whereby two police officers are together between the hours of 10 p.m. and 2 a.m. They aid stranded motorists, assist the fire department by directing traffic, also ambulances in emergencies, as well as tend to the innumerable and varied calls which come in at night. During the time that this plan has been in effect, a closer check is made on suspicious persons, business establishments and homes in general. This has resulted in a great reduction of the number of thefts and house breaks. As in the past, I assist the Officers with their investigations of accidents, etc., and in turn, these men assist me in the daytime when emergencies arise.

Again this year, I am recommending that the street light program be continued for intersections and other places where needed. Another program I would like to see continued, which the townspeople supported, is additional street signs. Not only do they assist emergency vehicles but are also beneficial to motorists especially in the night. At present time I am studying the needs of crossing guards for our schools.

I would again like to publicly thank the Police Association for their support. They have contributed equipment in the amount of \$513.98, one item being a much needed Polaroid Land Camera, also a new emergency light for the cruiser and rain gear. They have also made contributions in the amount of \$222.49 for parts and repairs to the Civil Defense Emergency truck.

The activities of the Police Department during the past year have been many, not just attending the regular business but furthering their knowledge on police work, etc. Nine officers took advantage of a 10 week advanced first aid course, were briefed on closed heart resuscitation and all officers, including Special's and Auxiliary were trained in administering oxygen in emergencies. The two regular officers, Roland Boucher and Russell Corbin and Lieutenant Hodgman and myself, attended Seminars on new 'Laws and Procedures' at St. Anselm's College. Officer Roland Boucher had the opportunity to attend a 3 week State Police Training School in Concord, N.H. Special Officers donated their services while Officer Boucher took advantage of this course. It is my plan to send Officer Corbin to the same school this year. These men give unselfishly of their time to learn to do the duties properly which are requested of them.

In your report, you will also see the recommendation for a combination Police and Fire Station. The present Police Station is sorely in need of temporary facilities for detaining a person. At the present time, we are forced on occasions to carry prisoners and runaways, etc. in the cruiser while answering other calls. There is also very little privacy at the present Police Station, which you the Taxpayer is entitled to. As an example, while making up this report, another meeting is taking place in the room just off the office. Some nights we have been forced to meet in my small office while three other meetings are being conducted on the same floor. In thinking about this, the longer we put off building this facility, the more expensive it will be.

It has been a privilege to serve on this Committee, and to carry through your request, as directed as a result of article 10 in last year's town warrant. Your forethought in recommending this building, realizing the need, has been enlightening.

I would like to take this opportunity to thank the Selectmen and other Town Officials and the townspeople for their cooperation and also the Police Officers who assist me in the department.

Respectfully submitted,

RALPH S. BOUTWELL
Chief of Police

REPORT OF THE POLICE STATION - FIRE HOUSE COMMITTEE

The Pelham Town Meeting of 1966 appropriated the sum of \$2,500 to enable this committee to secure land options and preliminary architectural drawings. This report details the steps taken by the committee and the reasoning behind its recommendations.

Site Study Phase Considerable time and discussion was devoted to the location of the proposed building. The major factors considered were site size, availability, cost and geographical location. With these factors in mind, along with a tentative decision to restrict the search to the "greater center area," a listing of thirteen possible sites was prepared and descriptions of these parcels were obtained. The full committee visited each of the sites and agreement was reached on four sites, one of these being Town-owned land.

Letters were sent to four landowners inviting them to meet with the committee. Two landowners responded to the request and discussed the cost and availability of their respective parcels.

The committee then decided to concentrate on the Town-owned land as THE site and a request was made of the Selectmen to have the Town Engineer survey the parcel at the corner of Marsh and Nashua Roads (the site of the old Town Hall).

Recommendation That the site for the proposed combination Police and Fire Station be the Town owned land at the corner of Marsh and Nashua Roads.

Factors

- i. Geographical location gives immediate access to all major town roads irrespective of which area of town is "developed" next.
- ii. Retains the "center" characteristic and add to this area the first municipal building constructed in over thirty years.
- iii. Does not require the expenditure of monies for land acquisition--constructive use of Town owned land.
- iv. Close to the buildings which temporarily house the largest numbers of people--the schools and churches.

Building Study Phase The question "Do we need a new fire house and police station?" is readily answered in the affirmative when both the use factor and available space of the present building are considered. These factors are detailed below.

The lower level is used for the housing of four fire trucks in an area designed to accommodate three trucks, along with the supplies and equipment peculiar to a Fire Department's operation. The way in which this equipment is placed in the available area is a splendid example of "packaging." This concept is correct if all of this equipment were simply being stored, BUT IT IS NOT! This is the same equipment used to protect the lives of approximately 5,000 inhabitants and their property valued in excess of ten million dollars. The facts we face now are that there is no room to store additional apparatus at the present station and that any expansion is impossible for the building has been expanded to cover almost all of the present site.

The upper level is partitioned into two meeting rooms, two small offices for the use of the Police Department, the Chief of Police and the Civil Defense Department, along with several free-standing storage lockers. Entry to any of these areas is through a single door at the side of the smaller meeting room. The current practice of locating the Police Department, which is a permanent, full-time branch of the Town Government, in this area along with the two meeting rooms being scheduled both afternoons and evenings for various civic activities, i.e., Scouts, First Aid Courses, Civil Defense Courses, etc. has resulted in some very awkward and embarrassing situations in regard to effective and professional police work such as:

- i. Normal entry and exit is by an OUTSIDE staircase to the SECOND FLOOR.
- ii. No detention facilities.
- iii. No privacy.
- iv. Lack of file space and data security.
- v. Communication facilities housed in an open corner of the room which is also the department headquarters.
- vi. The Chief of Police shares the office with the Civil Defense group.
- vii. No storage area for major or minor pieces of equipment such as a boat and trailer, present or additional police vehicles, etc.

Recommendation That the Town vote immediate approval of the proposed combination Police and Fire Station. In light of the discussion above, the pertinent factors hardly need enumeration. Anyone who has visited the present facility could perhaps add to the points raised in this report by considering parking areas, etc.

Factors

Formulation and Finalization

At this point, the committee engaged the services of Fenton G. Keyes, Associates, Consulting Architects-Engineers to assist in the drawing up of some preliminary sketches and plans--using as a basis the ideas and suggestions that the committee had gathered in their individual visits to the facilities of the surrounding towns.

The building proposed by this committee for Town Meeting action is presented in the accompanying figures showing front elevation, floor plan and building placement on the proposed site.

Some of the pertinent specifications are listed below.

<u>Designation</u>	<u>Size</u>	<u>Area</u>
Apparatus Room	50' x 62'	3100 sf
Watch & Communication Room	13' x 10'	130 sf
Fire Chief's Room	19' x 10'	190 sf
Day Room	19' x 17'	323 sf
Boiler & Maintenance Room	19' x 15.5'	295 sf
Booking Room	19' x 11.5'	219 sf
Police Chief's Office	14' x 9.5'	133 sf
Cell Room	10' x 10'	100 sf
Locker Room	8.5' x 10'	85 sf
Two-car Garage or Duty Room - Interrogation Room	19' x 23'	437 sf
Architectual Space (wall, toilets, corridors, etc.)		836 sf
<u>Budget Figures</u>		
Building costs	\$90,000	
Land costs	NONE	
Architects fee	\$ 6,300	
Clerk of the Works	\$ 5,300	
Contingencies	\$ 9,000	
	<u>\$110,600</u>	

Recommendation

That the Town vote to raise and appropriate the sum of one-hundred and ten thousand and six hundred dollars (\$110,600) for the construction of the proposed combination Police and Fire Station.

Factors

- i. Exit and entrance at both ends of apparatus room.
- ii. Adequate area for fire apparatus at this central station.
- iii. Building and placement adds to asthetic beauty of the center of town.
- iv. Functional building incorporating a minimum of nicities.
- v. Door and overhead clearance ample for future additions such as a hook and ladder truck, etc.
- vi. Consideration was given to constructing just the apparatus room and the police wing along with the alternate approach of constructing the apparatus room, police wing and just the shell of the fire wing. These approaches were discarded when they were considered in light of rising construction costs and the requirement of providing the facilities (light, heat, power, water, sewerage, etc.) during this construction phase.

Conclusions

The committee feels that the proposed building is adequate to meet the current and immediate future needs of the Town. However, we do feel that the following recommendations, which result from the various areas touched upon in this study, do round out the report in that they do not deal with the proposed building or site, but with topics that are deserving of consideration and/or study.

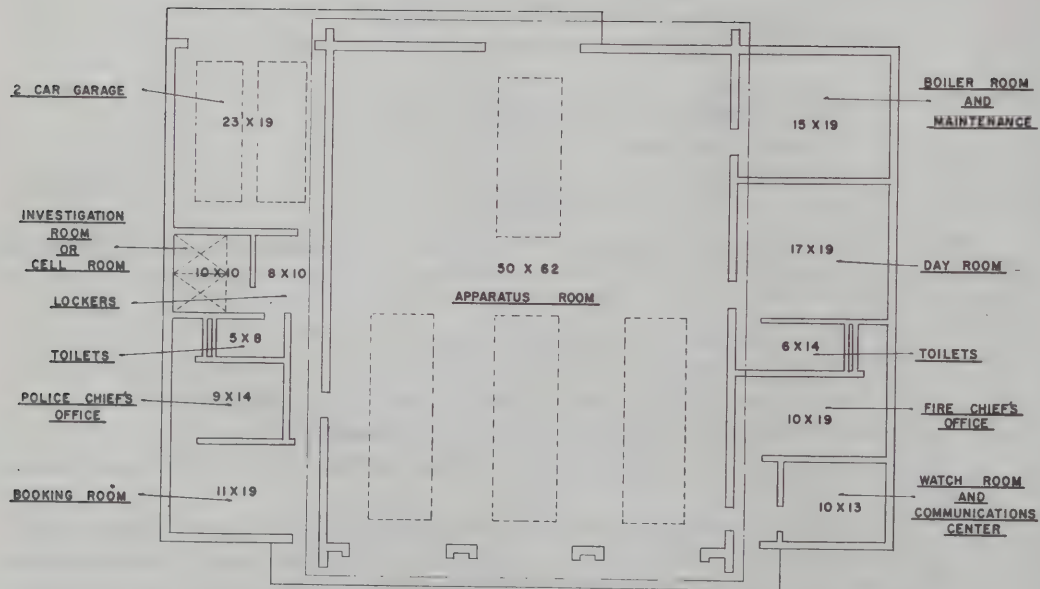

This committee further recommend:

- A. That the present Police Department area be designated as a Civil Defense Headquarters.
- B. That the meeting rooms be designated as a Civic Area and continue to be made available to the numerous civic groups.
- C. That the Town retain ownership of the older Model A fire trucks for their civic use in parades, musters, etc. along with their practical use in brush and forest fires due to their high road clearance.

- D. That consideration be given to the acquisition of a small boat, motor and trailer for police and fire use.
- E. That the Town purchase the property located behind the proposed site and owned by the First Congregational Church.
- F. That the Town terminate Marsh Road at Common Road to allow safer traffic flow.
- G. That the Fire Department develop a philosophy of expansion using the proposed building as a central station and construct future sub-stations in those areas of Town having the greatest population density.

Respectfully submitted,

PHILIP J. McLAIN, Chairman
 JAMES E. POWERS, Secretary
 ALBERT R. HARRIS
 ALBERT D. NOLIN, Selectman
 RALPH S. BOUTWELL, Police Chief
 RICHARD C. MANSFIELD, Fire Chief

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Pelham in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the E. G. Sherburne School in said Pelham on Tuesday, the fourteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same, that is, if the Town will vote to accept the Town Budget as prepared by the Budget committee and to take action thereon.
3. To see if the Town will authorize the Selectmen, or a majority thereof, and the Town Treasurer to borrow necessary money in anticipation of taxes.
4. To see if the Town will vote to raise and appropriate the sum of \$957.78 as the Town's share of Town Road Aid, the State to contribute \$6385.84 as the State's share, as provided by law. (Approved by the Budget Committee)
5. To see if the Town will vote to raise and appropriate the sum of \$2000.00 to add to the Capital Reserve Fund, for the purpose of purchasing a fire truck, or take any other action relative thereto.
6. To see if the Town will vote to raise and appropriate the sum of \$800.00 for the purpose of continuing the use of the State Tax Commission in appraising new properties, or take any other action relative thereto. (Approved by the Budget Committee)
7. To see if the Town will vote to authorize and direct the Selectmen to request and employ the services of the New Hampshire Tax Commission to make an appraisal of all taxable real properties situated in the Town and to appropriate the sum of \$16000.00 for such purposes, of which one-half shall be due and payable in 1967 and the balance in 1968. (Approved by the Budget Committee)
8. To see if the Town will vote to authorize the Selectmen to construct a combination police and fire station building on land owned by the Town at the intersection of Marsh and Nashua Roads, being the site of the Old Town Hall, after giving due consideration to the recommendations for such building as made by the Police Station and Fire House Committee; to appropriate the sum of \$110,000.00 for this purpose and to raise said \$110,000.00 by the issuance of serial notes of the Town payable over a five-year period in equal annual principal amounts, at interest not to exceed 4 per cent per annum, pursuant to the provisions of the Municipal Finance Act, Chapter 33, section 8 of the New Hampshire Revised Statutes Annotated, and to authorize the Selectmen and the Treasurer to negotiate said notes in the name of and on behalf of the Town, and any and all balances remaining after payment in full for said building, shall revert to a capital reserve fund for the purchase of a fire truck and/or other major equipment for the Fire Department. (Approved by the Budget Committee)
9. To see if the Town will vote to increase the retirement pension of retired Police Chief Arthur H. Peabody from \$600.00 to \$1200.00, payable \$100 monthly, this increase to take effect during the fiscal year of 1967, or take any other action relative thereto. (By petition) (Approved by the Budget Committee)
10. To see if the Town will vote to raise and appropriate the sum of \$180.00 as the Town's share of the Fire Chief's Retirement or to take any other action relative thereto. (Approved by the Budget Committee)
11. To see if the Town will vote to establish a Recreation Commission in accordance with the provisions of Chapter 31, Section 44 through and including Section 50 of the New Hampshire Revised Statutes Annotated, and to authorize the Selectmen to make appointments to said Commission as provided therein and to confer on said Commission all the powers set forth in said Section 44.

12. To see if the Town will vote to place within the complete jurisdiction and control of the Recreation Commission, if established, the following two lots of land now owned by the Town situated on Golden Brook, together with access thereto: The Currier Lot, so-called, consisting of 10 1/2 acres, more or less, being described in Volume 1349 at Page 142 in the Hillsborough County Registry of Deeds, and the Gage Lot, so-called, consisting of 10 acres, more or less, being northeast of and adjacent to the Currier Lot, and being a portion of the premises acquired by the Town under the Will of Martina A. Gage.

13. To see if the Town will vote to raise and appropriate the sum of \$2500.00 for Parks and Playgrounds Special, any unexpended balance to be transferred to the Capital Reserve Fund to be used for Parks and Playgrounds, or take any other action relative thereto. (Approved by the Budget Committee)

14. To see if the Town will appropriate the sum of \$2500.00 for the Purchase of land to be used for Cemetery purposes from the Edward Hayes Estate, between the present Cemetery and Pelham Memorial School. This parcel contains approximately three acres more or less. (By Petition) (Approved by the Budget Committee)

15. To see if the Town will vote to raise and appropriate the sum of \$2500.00 for the purpose of further alterations and repairs to the Town Hall, or take any other action relative thereto. (Approved by the Budget Committee)

16. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purpose of continuing the program of placing a permanent type of road sign on the streets and roads of the Town, or take any other action relative thereto. (Approved by the Budget Committee)

17. To see if the Town will vote to raise and appropriate the sum of \$1500.00 to be used by the Planning Board for the purpose of taking land options on desirable locations; one for the well sites for the primary system, and two sites for reservoir or standing pipes for both primary and secondary systems as outlined in the Town Master Plan study, or take any other action relative thereto. (Approved by the Budget Committee)

18. To see if the Town will vote to commit the balance of the Fire Department Budget each fiscal year to a Capital Reserve Fund, such fund to be used for the purchase of a fire truck. (By petition) (Approved by the Budget Committee)

19. To see if the Town will vote to commit the balance of the Police Department Budget each fiscal year to a Capital Reserve Fund, such fund to be used for the purchase of a police cruiser. (By Petition) (Approved by the Budget Committee)

20. To see if the Town will vote to adopt the following by-laws under the provisions of the New Hampshire Revised Statutes Annotated Chapter 31 Section 39:

1. Regulation of existing gas burner installations: All appliances and installations of appliances burning natural, manufactured or mixed gas in the Town of Pelham shall be maintained in a safe operating condition. The Chief Fireward is authorized to have made such inspections of existing installations of appliances burning natural, manufactured or mixed gas as he shall deem necessary for the protection of the persons and property located in the Town of Pelham. In the event he discovers conditions which he deems to be dangerous, or likely to result in injury to persons or property, he shall report such conditions to the Selectmen in writing. The Selectmen shall thereupon investigate the conditions set forth in the report, and if upon a majority vote they determine the conditions to be dangerous or likely to result in injury to persons or property, they shall notify in writing the owner of the property on which such conditions exist to correct the same within a period of 15 days of the issuance of such notice. If such owner shall fail to correct the same within said period, the Selectmen shall thereupon proceed to enforce this By-Law.

2. Installation of New gas appliances: Any person who desires to install one or more appliances which burn natural, manufactured or mixed gas shall apply to the Chief Fireward for a permit to make such installation. Such installation shall be in accordance with the rules and regulations of the New Hampshire Board of Fire Control and with the standards of the American Insurance Association. The Chief Fireward shall cause to be made such inspections before and

after the issuance of the permit as he deems necessary to determine that such installation is to be or has been made as aforesaid. If the Chief Fireward determines that said rules, regulations and standards are not being complied with prior to the issuance of the permit such permit shall not be issued; otherwise, such permit shall issue. If he determines that such rules, regulations and standards are not being complied with after the issuance of the permit, he shall report such non-compliance to the Selectmen.

3. Storage and transportation of liquified petroleum gas: All storage and transportation of liquified petroleum gas in the Town of Pelham shall be in accordance with the rules and regulations of the New Hampshire Board of Fire Control, and also with the standards of the American Insurance Association. Any person who desires to install one or more containers for the storage of liquified petroleum gas shall apply to the Chief Fireward for a permit to make such installation. Such installation shall be in accordance with the aforesaid rules, regulations and standards. The Chief Fireward shall cause to be made such inspections before and after the issuance of the permit as he deems necessary to determine that such installation is to be or has been made as aforesaid. If the Chief Fireward determines that said rules, regulations and standards are not being complied with prior to the issuance of such permit such permit shall not be issued; otherwise such permit shall issue. If he determines that such rules, regulations and standards are not being complied with after the issuance of the permit, he shall report such non-compliance to the Selectmen.

4. Enforcement: On receipt by the Selectmen of a report from the Chief Fireward of non-compliance with any of the foregoing provisions, or upon any well-founded information that any of the foregoing provisions are being violated, the Selectmen shall, on their own initiative, take immediate steps to enforce the provisions of these By-Laws by seeking injunction in the Superior Court or by any other appropriate legal action. Whoever violates any of the provisions of the above By-Laws shall be punished upon conviction by a fine not exceeding \$10 for each day of each violation.

5. These By-Laws shall take effect upon their passage.

6. Conflicting provisions: Whenever the regulations made under the authority hereof differ from those prescribed by any statute, By-Law or other regulation, that provision which imposes the greater restriction or a higher standard shall govern.

21. To see if the Town will vote to authorize and direct the Selectmen and Road Agent to discontinue the practice of plowing private ways. (By petition)

22. To see if the Town will vote to appropriate the sum of \$1200.00 for the purpose of tarring Short Road. (By petition)

23. To see if the Town will vote to accept, raise and appropriate the sum of \$1650.00 for the purpose of gravelling and tarring Greenwood Terrace, so called, a distance of 2/10 of a mile. (approximate) (By petition)

24. To see if the Town will vote to hot top Economou Avenue at an estimated cost of \$1250.00. (By petition)

25. To see if the Town will vote to hear the reports of Agents, Auditors, Committees and other officers heretofore chosen and to transact any other business that may legally come before said meeting. (By petition)

Given under our hands and seal, this 24th day of February, in the year of our Lord nineteen hundred and sixty-seven.

J. ALBERT LYNCH, Justice
EDWIN M. HARTZ, Clerk

HEALTH OFFICER

The following communicable diseases were reported to the Health Officer.

Impetigo	5
Ringworm of skin	2
Scarlet Fever	7
Strep Throat	5
Meningitis	3
Mumps	7
German Measles	2
Pediculosis	1
Chicken Pox	10
Dog Bite	38

Three formal complaints were received regarding overflowing septic tanks and the owners in all cases corrected their problems within reasonable time following notification by the Health Officer. No court action was required.

I wish to thank Mrs. Anna Horskin, our former School Nurse and Mrs. Theresa Hauser, our present School Nurse, for reporting cases of communicable diseases in the Pelham schools.

I wish to thank Chief Boutwell of the Pelham Police Department for reporting cases of dog bite during the year.

I wish to express my sincere thanks for all courtesies that were extended to me in the investigations carried out during the year.

Respectfully submitted,

ALTON M. HODGMAN,
Health Officer

CIVIL DEFENSE DIRECTOR'S REPORT

During the year 1966 there was one state-wide practice alert, however, no public participation was required and no alarm was sounded.

I was notified in December that as a result of recent up-dating of the surveys by the Corps of Engineers, two facilities in Pelham were qualified as public fallout shelters. They are: St. Patrick Hall with a rated capacity of 77, and Memorial School with a rated capacity of 142. Necessary forms have been filled out and signed to provide that each facility will be licensed and stocked.

We now face the problem of finding persons who will take the necessary schooling to qualify as Shelter Managers. A minimum of four persons for each shelter should be trained ready to assume a very vital responsibility in the event of a national emergency that would require the use of the shelter.

Each of the 3 Radef groups have checked all instruments assigned to them and where required, new batteries furnished by State Civil Defense have been installed.

First Aid classes were started late in 1966 and members of the Police and Fire Associations have attended classes through the end of the year and upon completion of a 36 hour course all who pass will be given advanced First Aid cards.

During 1966 we discontinued the sounding of the Civil Defense Test Alert on the Local Fire Siren at 11 A.M. on the first Saturday of each month. In the event of an actual Civil Defense emergency the Alert Signal signifying pending emergency will be a 3 minute steady wail repeated as often as necessary and the Take Cover Signal will be an up and down wailing of the siren for periods lasting at least 3 minutes and continuing as long as it is safe for the person operating the alarm to continue to sound the alarm.

The Town of Pelham still does not qualify for matching funds because of the lack of a hardened shelter space for a Civil Defense Headquarters that will meet minimum standards set by the government.

Our Auxiliary Police Unit has been active and with the assistance of the Police Association have purchased a van truck and are in the process of getting it into repair for use as an emergency truck. Anyone desiring to contribute emergency rescue equipment for the truck should contact either your Civil Defense Director or Chief of Police Ralph Boutwell.

Our RACES group met on several occasions during the year and participated in test message sending and receiving over our local RACES network with base station located in New Boston, N.H.

David Tuttle is presently attending an advanced Radef Training School and upon completion of the course will be a qualified instructor of future Radiological Training Schools.

With growing tensions in the world today we should become more aware of our individual responsibilities and each of us should be willing to take part in Civil Defense training. The life you save as a result of knowing what to do could be your own. I am always looking for volunteers and many classes in our area have been conducted without Pelham persons in attendance. Time and effort spent now might very well be valuable insurance for the future.

I wish to express my appreciation to all who have assisted me in the various Civil Defense programs that we have conducted during the year.

ALTON M. HODGMAN, CD Director

LIBRARY TRUSTEES' REPORT

In the Spring a second coat of paint was applied to the outside of the building. Three aluminum windows were installed on the workroom windows. A larger fan was also installed in the register of the workroom, and furnace adjustments helped solve much of the existing heating problem in that area. Several metal stacks have replaced wooden book cases that were in poor condition, and it is planned that necessary gradual replacement of stacks will continue. Two large oak tables in the Memorial Room as well as the table in the workroom have been re-finished.

On Sunday, October 16th the Historical Society held a dedication of the Boundary Stone constructed by the artisan, Mr. Leon Boucher, to preserve the original boundary between Pelham and Nottingham-West (now Hudson). Town officials representing both towns were present. Open house was held after the dedication at the library where a most interesting display of articles, maps, and deeds pertaining to our past were enjoyed by a goodly number of interested participants.

The Historical Society has also placed a glass case in the library's Memorial Room. These displays are changed frequently and have proved of educational value to our school children.

A group of young townspeople asked permission of the Trustees to place the creche at Christmas time on the library lawn, this location being more centrally located and protected.

Two extra hours have been added to the library schedule to take care of the reading needs of our growing population.

PETER D. BLACK
DOROTHY HARDY
HELENA ZOLKOS
Trustees

PELHAM PUBLIC LIBRARY

Librarian's Report for Year Ending December 31, 1966

Library circulation for the year of 1966:

Town books	17046
State of N. H. bookmobile books	2805
Special requests from State Library	253

Whenever I received a special State request that the library was unable to fill, a record was kept. If similar requests were often repeated, books were purchased to fill that need. This provided a better and faster service using the State's services only for unusual, and infrequent requests. This would lower the number of special State requests.

Our library received a \$100.00 State aid grant toward a purchase of books, as listed by the State, to be used for reference.

I attended an extension course on book selection this Spring given through the sponsorship of the University of New Hampshire at the Notre Dame Academy in Manchester.

Several patrons have said how much they missed the listing of new book purchases in the town report which would make an additional expensive town printing bill. Therefore, a listing will be posted on the library bulletin board as the books are processed.

A second grade class was given a guided tour of the library. I gave the children a history of the library, where the books for the different age groups were located, and a description of the card catalog and how to use it.

Our State representative regularly provides the library with the minutes of the State Legislature.

The League of Women voters supplies the library with literature concerning our State, such as copies of the State Constitution, which would be of value to the public.

The Planning Board also has submitted extra copies of material pertaining to their duties which would be of interest to the townspeople.

The Selectmen's Office has provided a copy for the library listing town officials - this being useful in supplying answers to queries, particularly of new residents.

Magazines subscribed to: Natural History, Scientific American, Consumer's Guide, National Geographic, Science Digest, Changing Times, Saturday Evening Post, New Hampshire Profiles, Jack & Jill, Life, and To-day's Health.

Magazines donated: U. S. News, Look, and Prevention.

The Trustees had attractive signs made up for the library - one particularly meaningful one being posted in the glass display case outside the door which pointedly proclaims, "Read and Learn."

Respectfully submitted,

MRS. DORIS PARKER
Acting Librarian

Miscellaneous Accounts	
Total Appropriations	<u>\$593,184.51</u>

Motion made, seconded and passed in the affirmative to accept total appropriations of \$593,184.51.

Under Item 23 of the Budget the Moderator proceeded to Article six of the Warrant. Chairman Bruno Thibeault made the following motion: I move that the District will vote to authorize and appropriate the sum of \$60,000.00 for the purpose of completing and furnishing and equipping the Pelham Memorial School; and to raise the same by issuance of bonds and notes in accordance with the provisions of the Municipal Bonds Statute, Chapter 33, of the Revised Statutes Annotated as amended; to authorize the Pelham School Board to so issue and negotiate said bonds or notes in the name of and on the credit of the district, said Board to have the discretionary powers described in Section 8, of said Chapter 33 in respect to said notes or bonds. Motion was seconded. After much discussion the result of a standing vote was 132 voting affirmative and 0 voting negative. The motion passed unanimously in the affirmative.

Moderator declared polls closed at 9 p.m.

Article 7. Motion made, supported and this article passed in affirmative.

Article 8. Under this article which is item 30 of the budget, it was moved, supported that article pass in affirmative. Moderator called for a standing vote the result being 51 affirmative and 56 negative. The article was lost.

Moderator declared the state of the ballots as follows: 379 ballots cast, Moderator for the coming year Alton Hodgman 327, Alton Hodgman elected; School Board Member for ensuing three years, Donald Brock 183, Roy Cowdrey 167, Donald Brock elected; Treasurer for ensuing year Dorothy Hardy 311, Dorothy Hardy elected; Clerk for ensuing year Dorothy Hardy 306, Dorothy Hardy elected.

Article 9. Passed in the affirmative that this article be passed over.

Article 10. Motion made, seconded that School Board execute deed in School District name to American Legion Post 100. Passed in affirmative.

Article 11. The following resolution was made; Be it resolved that voters of the town of Pelham go on record as endorsing a State supported Jr. College in the Greater Nashua Area. Be it further resolved that we give moral support to this endeavor and help in any way possible. Seconded and passed in affirmative.

Mr. Bruno Thibeault, Chairman of the School Board then presented to Mr. Frederick Houle on behalf of the citizens of Pelham, an appreciation award for his 12 years of faithful service to the Pelham School District.

Mr. McLlarky, member of the School Board then presented Mr. Bruno Thibeault an appreciation award on behalf of the citizens of Pelham for his faithful service to the Pelham School District.

Motion made that a transcript of the proceedings of the School District Meeting of the Town of Pelham be included in the School Report of the following year and the procedure be followed for each ensuing year. Seconded and passed in the affirmative.

Motion made to instruct the school board to make a complete breakdown report of the cost of our new school including the cost of land and to publish it in next years town report book. Seconded and passed in affirmative.

Motion made, supported and carried in affirmative to adjourn meeting at 11:20 p.m.

Oath of office given to Moderator, Alton Hodgman, School Board Member, Donald Brock; Clerk & Treasurer, Dorothy Hardy by Clerk Eileen Robinson. Used and unused ballots were sealed and certified by Moderator.

EILEEN ROBINSON

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the town of Pelham qualified to vote in district affairs:

You are hereby notified to meet at the Ernest G. Sherburne School Auditorium in said district on the 29th day of March, 1967, at one o'clock in the afternoon, to act upon Article I (Note: Polls for the election of School District Officers will open at one P.M. and will close not sooner than 9 P.M.) Action on remaining Articles will begin at 8 P.M.

1. To choose all necessary School District Officers:
 - A. To choose a Moderator for the coming year.
 - B. To choose a Clerk for the ensuing year.
 - C. To choose a Member of the School Board for the ensuing three years.
 - D. To choose a Treasurer for the ensuing year.

2. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

4. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

5. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district and agents and for the payment of the statutory obligations of the district, that is, to see if the School District will vote to accept the School District Budget as prepared by the Budget Committee or to take any other action thereon.

6. To see if the District will authorize the School Board to make application for and to receive in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire or any other federal or state agency.

7. To see if the District will vote to authorize the School Board to accept the provisions of Title I, Public Law 89:10 (Elementary and Secondary Act of 1965), if the School Board so desires, and to appropriate such funds as may be available to the district under said Federal Act for such particular projects as may be determined by the School Board. Further, to see if the district will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

8. To transact any other business that may legally come before this meeting.

Given under our hands at said Pelham this 17th day of February, 1967.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 29, 1966

The School Board
Pelham School District
Pelham, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Pelham School District for the fiscal year ended June 30, 1966, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1965 and June 30, 1966, are presented in Exhibit A. As indicated therein, the Net Debt increased by \$17,796.66 during the fiscal year ended June 30, 1966.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1966, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net unexpended balance of appropriations of \$14,431.97, plus a revenue surplus of \$644.51, resulted in a net budget surplus of \$15,076.48.

Summary Statement of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1966, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1966, is indicated in Exhibit F.

Statement of Building Fund Account: (Exhibit G)

A statement of the Building Fund Account for the fiscal year ended June 30, 1966, is presented in Exhibit G.

Statement of School Lunch Program Account: (Exhibit I)

Exhibit I presents a statement of the School Lunch Program Account for the fiscal year ended June 30, 1966.

Statement of School Tax Account: (Exhibit J)

A statement of the School Tax account with the Town of Pelham is presented in Exhibit J. As indicated therein, as of June 30, 1966, the School District had received from the Town the total of the 1965-66 School Tax in the amount of \$354,449.33.

Statement of Long Term Indebtedness: (Exhibit K)

A statement of the outstanding long term indebtedness of the School District as of June 30, 1966, showing annual debt service requirements, is contained in Exhibit K.

GENERAL COMMENTS

Current Surplus:

It is noted that the current surplus (excess of total assets over current liabilities) decreased by \$7,796.66, from \$22,873.14 to \$15,076.48 during the fiscal year ended June 30, 1966, as shown herewith:

	<u>June 30, 1965</u>	<u>June 30, 1966</u>
Total Assets	\$713,001.49	\$157,146.70
Current Liabilities	<u>690,128.35</u>	<u>142,070.22</u>
Current Surplus	\$ 22,873.14	\$ 15,076.48

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Pelham School District for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Pelham School District for the fiscal year ended June 30, 1966. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District on June 30, 1966, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,
HAROLD G. FOWLER, Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

SCHOOL BOARD REPORT

One more year has rolled by altogether too quickly. If it were not for the outstanding cooperation and wholehearted support of the entire staff, this would have indeed been a most hectic year.

The Superintendent's office is in the throes of preparation to move to new quarters in the Jr. High School Building in Hudson. This precipitates increased Supervisory Union expenses that are reflected in the budget. Mr. Peter Dolloff has joined the staff as Asst. Supt. replacing Mr. Ray Edwards who has moved to the Superintendency of the Peterborough Union. Superintendent Claude Leavitt continues to display an ever increasing proficiency and dedication to his work. Business Administrator James Tierney is very ably covering his responsibilities especially in the area of purchasing where he has saved the Pelham School District large sums of money.

Principal Moses Brown has very ably demonstrated his capability by most successfully handling two buildings as Supervisory Principal. Our instructional staff can not be praised enough. They have worked with adverse conditions and have excelled in the performance of their duties. Good personnel command good salaries. It is hoped that the School District will consider carefully this particular situation.

The Hot Lunch Program has met and mastered the task of transition into central cooking. The wisdom of the recommendation and decision to go to this method of operation is already being proven by the savings now apparent. Mrs. Velma Houle has once again demonstrated her enthusiasm and perseverance which are matched person for person by her capable staff.

A special acknowledgement must be made to Mr. George Masson, Chief Custodian and Maintenance man, for his outstanding work, far above what could be reasonably expected for this position. He has been supported by a fine crew that are equally dedicated to their task.

The wisdom of the School District to provide office help has been proven correct. Mrs. Sandra Corbin has made possible many improvements through her fine work and careful attention to detail as office secretary. The School Board is requesting more time for this position in order to further release Mr. Brown and the teachers from secretarial tasks.

The Health Program continues at a very high degree with the dedicated and enthused work of Mrs. Terry Hauser, our School Nurse. More exacting and inexpensive eye examinations are now possible by the purchase of a small eye testing machine which can more accurately detect eye disorders. A potentially formidable mental disorder known as dyslexia is now under very active scrutiny. Your School Board is asking for a sum of \$250 to be made available to the School Nurse, for detection purposes only, where family resources are unable to cope with the fee involved at the Crotched Mountain Clinic.

The Physical Education program has suffered a major interruption with the departure of Mr. Duclose for a six month military training period. It is hoped that he will return in September to pick up his extraordinary work that he was forced to discontinue.

Once again, the School Board is recommending that a Guidance Program be instituted with the addition of a full time guidance counselor. Too many children are suffering a neglected education that could be remedied by a trained Counselor. Your School Board has voted to apply Title I funds towards this program if made possible by the School District through an affirmative vote of Article 7 in the District Warrant, coupled with the acceptance of the program by the State Department of Education and the vote of the School District for the full amount of the original funds to implement the program as recommended by the School Board.

Moving to the other side of our School District operation, it is apparent that our school program is now big business as compared to the one school operation of a year ago. More and more, the School Board finds itself delegating work to the Superintendent's office while it concerns itself with policy matters. This is as it should be for the School Board is the authority of the District which makes policy and gives direction to the program. The Superintendent together with his staff and the Principal are charged with the execution and administration of those policies. Many of the details that Board members have enjoyed working with in the past are now being handled by Administration because of the ever increasing number of policy matters that are arising from our expansion and the sheer weight of time required to deal with them.

The new Memorial School Building is now complete, save a few minor equipment items. With the large numbers of students moving into Pelham, we must begin the planned addition to this building, or of another building this year, or the 1968-1969 school year will find classes on the stages and in the gyms, or else the beginning of double sessions. The permanent steering committee under the experienced and capable chairmanship of Mr. James Powers is already working hard on this problem.

The eminent domain proceedings involving the land for the Memorial School Building, etc., are hopefully going to be resolved in court before the Annual District Meeting of March 29th. Attorney Albert Lynch has withdrawn from these proceedings as counsel for the School District and is replaced by the law firm of Hamblett, Kerrigan, & Hamblett of Nashua, with whom the School Board places every confidence to aid the District in concluding this matter fairly and equitably to all concerned. A due statement for services rendered has been received from the former legal counsel, Mr. Lynch, which appears on the surface to be unwarranted. The School Board has requested further explanation which to date has not been received.

The heavy costs of our transportation of students has led the School Board to formulate an advisory committee on the subject which is being chaired by Mr. Al Maki of Little Island Pond. This committee is doing an outstanding job, but unfortunately time has not allowed a final recommendation to be arrived at.

Your School Board wishes to publicly state the appreciation of the entire School District to those organizations and individuals that have contributed time and money to the welfare and well being of our students and property. To you, both anonymous and acknowledged, THANK YOU!

As requested at the last District Meeting, a complete accounting of the Memorial School Building Fund is printed elsewhere in this report as are the minutes of the School District Clerk for the last District Meeting.

Your School Board has worked diligently, honestly, and to the best of its capabilities. Finding the middle ground of the desirable education of our children and the reasonable economical capabilities of the taxpayers is a very challenging and demanding responsibility. Your School Board brings to you the budget required to enact the best thinking and reasoning of not only itself, but of the Superintendent and the entire staff. The total sum is large, very large. No one is more aware of this than your School Board. We ask your continued cooperation and participation that our schools might continue forward in increasing quality for the enrichment of our entire community as well as the children themselves.

Respectfully submitted,

C. MICHAEL McLLARKY, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January, 1967

To the School Board and Citizens of Pelham:

Progress is evident in the educational environment of Pelham. The completion of the Memorial School marks a significant milestone in the constant and onward march of technology and human progress. Not only does our new school offer modern and inspirational facilities to our pupils in grades five through eight, but it creates the basis for other good and necessary innovations. We are making better use of the Sherburne School for our primary classes by reducing the pupil-teacher ratio to the 30-1 level. We are implementing new and expanded progress for our young people in physical education, library services, science and modern foreign language. This is but a small example of how the educational program promotes progress in Pelham.

Despite our new school and added programs we are not without our concerns for the future. Immigration of families from other towns and states has created a significant rise in pupil enrollments and given every indication of exceeding 700 pupils in September 1967. This may mean locating some fourth graders in the Memorial School to provide room for additional primary classes in the Sherburne School. Additional building plans will need to be developed in the immediate future if this trend continues.

There are several areas in our curriculum that need improvement. The services of a director of pupil services, the implementation of art and music and continued stress on library services are necessary. If we are to realize a comprehensive elementary program these additional services are needed.

The high quality of our instructional staff testifies to the priority concern Pelham has given to instructional salaries. We need to continue our concern in this vital area to allow us to continue to attract and hold good teachers. I am pleased to announce the following additions to our staff:

Mr. John Begg, Salem, Mass., Salem State Teachers College, 1963, replaced Mr. Jackson in the Math-Science area.

Miss Therese Breton, Lowell, Mass., Rivier College, B. A. Elementary Education, 1966 is an additional grade three teacher. Miss Breton did her practice teaching in the Morey School, Lowell.

Mr. John Duclos, Marlborough, Mass., Northeastern University, B. S. E. Physical Education, 1966 is the new Physical Education teacher grades 1-8.

Miss Ruth Ellis, Lowell, Mass., Rivier College B. A. Elementary Education 1966 replaced Miss Gunning grade 4.

Mrs. Geraldine Fields, Nashua, N. H., Brooklyn College B. A., 1948, additional graduate work University of Delaware is teaching Language Arts and Reading at the Memorial School.

Miss Penelope Gikas, Lowell, Mass., State College at Lowell, B. S. Ed., 1966 additional grade one teacher Sherburne School.

Mrs. Agnes T. Hauser, R. N., Pelham, assumed the position of School Nurse-Teacher upon the retirement of Mrs. Anna Horskin, R. N. Mrs. Hauser is a graduate of Bishop DeGoesbriand Hospital, Burlington, Vt., 1953.

Miss Roberta Karbowniczak, Lowell, Mass., Rivier College, B. A. Elementary Education, 1966. Miss Karbowniczak replaced Mrs. Waranuk, grade 1.

Miss Gloria Kopan, Salem, N. H., Clarion State College, B. S. Elementary Education, 1965 replaced Mrs. Sandy, grade 6.

Miss Katherine Kott, Manchester, N. H., Notre Dame College, B. A., 1966 is an additional teacher, grade five.

Miss Florence Ouellette, Pelham, Rivier College, B. A. Elementary Education, 1966, additional grade two teacher. Miss Ouellette did her practice teaching at St. Patrick's School.

Miss Donna Staniewicz, Lowell, Mass., Rivier College, B. A. Elementary Education, 1966 is an additional grade 4 teacher.

Mr. Hugh F. Verry, Somerville, Mass., Salem State College, B. A. 1966 replaced Mr. Murray as Science teacher at the Pelham Memorial School.

In conclusion I recognize the cooperation and loyalty of the school board, instructional staff, lunch workers, custodians and others who have contributed to the success of our educational program.

Respectfully submitted,

CLAUDE H. LEAVITT
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT

Mr. Claude H. Leavitt
Superintendent of Schools
Pelham, New Hampshire

Dear Mr. Leavitt:

The following paragraphs constitute my report as Assistant Superintendent in the School District of Pelham, New Hampshire.

At this writing I have only been associated with the Pelham School District for somewhat less than four months. However, even within this short period of time, I have had the opportunity to view personally the excellent instructional program that is being maintained, even in the face of staggering increases in school enrollment. The willingness and desire to foster and encourage excellence within the school system is certainly a tribute to the citizens of this community.

During the current year the pupil-teacher ratio in grades 1-7 has been reduced to approximately a 25-1 ratio. This reduction in class size, coupled with the high calibre of personnel staffing the various classrooms, has resulted in a quality of instruction comparable to any within the confines of our state.

Children in the eleven to fourteen year age bracket are undergoing basic physiological and psychological changes, the educational impact of which is only beginning to be appreciated. In an attempt to provide the most suitable setting for this age group Pelham has adopted the middle school concept with the opening of the new building. Within the confines of this form of school organization teachers are permitted to specialize in one or two areas. In an age when the emphasis in curriculum organization is shifting from content to concept, we must provide our teachers with a framework within which they can become specialists rather than generalists. We must also give them the opportunity to translate these specialties into the type of practical knowledge, that children of this age need, in order to succeed both as students and citizens. We feel that we can best achieve these goals within this type of organization.

In order to assist each child in developing his capacity to function as close to his level of potential as possible both with regard to intellectual potential for academic production and potential for personal-social competency, the aid of a guidance counselor is imperative.

Consultants of this type with their special education and background help to identify emotional, social, mental, or physical handicaps at an early age and aid the instructional staff in placing children on an instructional level where they will find success. Direction of this type benefits, not only the child in question, but also the other class members who might otherwise suffer from loss of teacher time usually devoted to the maladjusted or dis-oriented child.

Basic objectives of the guidance program in the elementary schools are outlined as follows by the New Hampshire State Department of Education in a recent bulletin "Guidelines for N. H. Public Elementary Schools."

- . Early identification of each child's intellectual and personal characteristics.
- . Maximum development of his academic and creative growth.
- . Early diagnosis and provision for preventative and/or corrective action of any learning and personality problems.

In essence the preceding paragraphs have indicated, in some detail, my early experiences with the Pelham School District. In the final analysis the instructional program depends, in its entirety, on the quality and dedication of the teaching staff. You are very fortunate in Pelham to have a teaching staff deeply imbued with both characteristics.

In closing may I thank the School Board and yourself for your direction and guidance, Mr. Brown and the staff for their cooperation, and finally may I congratulate the citizens of Pelham for their dedication to excellence in the educational program.

Respectfully submitted,

PETER G. DOLLOFF
Assistant Superintendent

PRINCIPAL'S REPORT

January, 1967

Mr. Claude Leavitt
Superintendent of Schools
Pelham School District
Pelham, New Hampshire

Dear Mr. Leavitt:

With pleasure I present to you my third annual report as supervising principal of the Sherburne and Memorial Schools.

PREFACE

This 1966-1967 school year has seen the culmination of several years of planning by the citizens of Pelham; planning which has resulted in one of the finest instructional programs and in one of the finest school plants in the State of New Hampshire. Reports reaching us from parents of children who have moved out of state indicate that the instruction they have received in the Pelham Schools has, in many instances, placed them ahead of the students in the receiving school system.

INSTRUCTION

In June, 1966, we graduated the first 8th grade to have completed Algebra I and French I. Many of these students went on to advanced subjects in high school. Modern math has been fully incorporated in all grades. This year French is being taught in all grades from the 5th through the 8th.

The Science and the French programs have been greatly enhanced by the utilization of a fully equipped science laboratory and foreign language laboratory in the Memorial School.

The central library at the Memorial School is in use every day by all students and provides a long needed source of research material as well as material for reading pleasure. Additional books are needed to fully stock the library. Some of these we expect to acquire through the Federal Title II program this current school year.

The physical education program, implemented in grades one through eight this year, has surpassed all expectations. In addition to regularly scheduled physical education classes, an extensive after school athletic program has been under way with over 200 children participating. During the physical education classes the students are taught tumbling, gymnastics, and various game skills, all designed to develop coordination, and to facilitate and develop the use of the small and large body muscles. It is a proven fact that a healthy, strong body is important for the development of a healthy, alert mind.

ENROLLMENT

The past three years has produced phenomenal growth in our school system. At the present time we have two vacant rooms in the Sherburne School and two in the Memorial School. According to our projected enrollment figures, all available classrooms will be filled to capacity this coming September, 1967. Growth in grades one through four at the Sherburne School will necessitate moving two fourth grade sections to the Memorial School. The total enrollment in both schools in September, 1967 will exceed 700 students.

FUTURE NEEDS

I cannot emphasize too strongly the need for a guidance counselor to work with the children in our schools. The aid such a specially trained person could give to boys and girls would be invaluable and would have a positive, lasting effect upon them for the rest of their lives. It is hoped that such a position will be established beginning in September of this next school year.

In closing I wish to thank the Supervisory Union school department, the citizens of Pelham, and our dedicated school board for the support and cooperation they have so willingly given this past school year. It goes without saying that I feel our school staff has done an outstanding job in the performance of their duties.

Respectfully submitted,

MOSES BROWN
Supv. Principal
Pelham School District

REPORT OF THE SCHOOL NURSE

January, 1967

To the Superintendent of Schools, the School Board and the Citizens of Pelham, New Hampshire:

I herewith submit my twenty-sixth annual report as school nurse from September, 1965 to June 1966.

Defects:

Number of pupils inspected - Sherburne	543
Number of pupils inspected - St. Patricks	306
Number of pupils with defective vision	47
Number of pupils with defective hearing	8
Number of pupils with defective speech - Sherburne	21
Number of pupils with defective teeth (permanent)	52

Infectious Diseases:

Chicken Pox	5
German Measles	5
Whooping Cough	1
Mumps	6
Pediculosis	5
Impetigo	1
Scarlet Fever or Scarletina	4
Strep. Throat	5

Number of Home Visits 760

Number of First Aid 1,053

Mr. Meltzer did his usual fine work with our children with speech defects.

Miss Constance Martin applied the T. B. Patch Test to 289 pupils. One reactor was x-rayed and found negative.

Three well-baby clinics were held in March, April and May with a total of 143 children being treated.

Toxoid Immunizations	71
Smallpox Vaccinations	50
Oral Polio	45

Dr. March of Nashua was the attending physician, Mrs. Caroline Law, R. N., Mrs. Laverne Steck, R. N., and Mrs. Avis Fairbanks worked with Dr. March. Mrs. Tuttle, Mrs. Carleton and Mrs. Burton acted as clerks.

Our pre-school clinic was held on May 5, 1966 and 122 children were examined and registered. Dr. March and Dr. Murphy of Nashua were the attending physicians assisted by the nurses of Supervisory Union #27. Several mothers acted as clerks.

A "Lazy Eye" clinic, sponsored by the Lion's Club, was held with 124 children being examined.

All of our clinics were held at St. Patrick's Convent School, due to the over-crowded conditions at the Sherburne School. A special thanks goes to Fr. Kilcoyne for giving us the use of their auditorium.

The Police Department and the Lion's Club helped us with donations for hot lunches and eye glasses.

Since I have decided to retire after twenty-six years in the Pelham schools, I want to express my appreciation for the cooperation and the many kindnesses shown me throughout the years.

Respectfully submitted,

ANNA M. HORSKIN, R. N.

REPORT OF THE SCHOOL NURSE

January, 1967

To Mr. Claude Leavitt, Supt. of Schools, School Board members and the Citizens of Pelham, N. H.:

The following is a resume of my first four months as school nurse. It has been an exciting and rewarding time for me.

Several innovations were started this September, among them a complete physical for each student in the Sherburne and Memorial Schools. This is a very essential thing before any child can participate in the Physical Education Program. These physicals resulted in the discovery of many previously undetected disorders, some of which were severe in nature.

This year the Heaf Tuberculin test was used in place of the Vollmer (Patch) test for our first, fifth and eighth grade students. This is an intra dermal test which results in greater accuracy and will be utilized in all future programs.

My vision testing program was delayed somewhat while awaiting our new Bausch and Lomb vision tester. It has not yet arrived so I am proceeding with the Massachusetts vision tester used previously. The Bausch and Lomb equipment is an efficient illuminated unit which does not require a 20 foot open area for testing. With it I can test near and far vision, muscle balance and color perception.

In the absence of guidance personnel, I am trying to do something in the area of referrals for psychological testing or psychiatric help where needed. Five students are at present being treated either at the Child Guidance Clinic in Concord or by a family doctor.

Another area in which we hope to help many children is in the referral and diagnosis of children with a motor nerve dysfunction known as dyslexia, word blindness or PMD syndrome. It is a congenital, often hereditary disorder, affecting 10% of boys and 3% of girls in any school population. As a result of this motor nerve deficiency, many otherwise capable children are doomed to frustration and failure in the reading and language arts area. Without help, they seldom read beyond sixth grade level. Those who receive help almost always progress naturally. Massachusetts has a state law which will soon make further research and training available for the dyslexic. Until N. H. has something of this type, we must try to aid these children through our schools. One of our students, due to the alertness of his teacher, has been referred to The Perceptual Education and Research Center (PERC) in Wellesley, Mass. He was diagnosed as a dyslexic but of superior intelligence otherwise. He is now being tutored by a special teacher trained by PERC. Several other children are in the process of being referred to PERC or to Crotched Mountain, the only place in New Hampshire which does this type of testing. Dyslexia has only become widely recognized in the past two years. Now that we have become aware of it, we will do everything possible to find and help every child with this problem.

I appreciate the kindness and help I have received from Mr. Brown, the teachers and staff and a special thanks to Anna Horskin who has made this transition period so pleasant for me.

Respectfully submitted

THERESA HAUSER, R. N.

LUNCH PROGRAM REPORT

January, 1967

Is the public aware of the purposes and goals of the Lunch Program? Is it known that we are working on the school team to improve the health and nutrition of our youth? Are we leaving a favorable impression with you, the public? If the answer is "yes" we in the program feel well rewarded for another year of service. "A chain is no stronger than its weakest link" is as true in this instance as it was years ago, for it takes the cooperation of the pupils and the public as well as the school personnel to maintain a successful lunch program. Our thanks for your endeavors in our behalf.

September, 1966 was truly a new era for all the workers in the program. We were faced with new equipment and new methods. A real challenge as the "old way" gave way to the new. Central kitchen, steam cooking and carry-out service are now a reality. We feel, at this time, we at least have our feet on the ground and are eager to experiment a little. I was pleased with the number of townspeople who took time to discuss and look over the new equipment at the Open House.

This year we have added three part-time workers to the cafeteria staff. Alvina Spaulding and Anna Bolduc started at Sherburne, with Anna Fitzpatrick replacing Anna Bolduc, and with Doris Simpson at Memorial. Ethel Duarte, Hellen Orlando and Agnes Lawlor continue their fine work as regulars in the program. Mrs. Duarte may be found at Sherburne each day from 11:30 a.m. to 1:00 p.m. where she assists with the serving and supervision of their routine.

For the first time in my experience with the program, we have had to stop reduced rates to families with four or more pupils as well as to increase the daily lunch ticket price by five cents. This should not be too surprising with the increased cost of almost every food item we purchase plus the lowest amount of support from the Federal Government since 1960. The government reimbursement in dollar value for food for the year was \$2,908.70 or a thousand dollars less than the previous year. The reimbursement figure paid per pupil on both lunches and milk was also reduced. The bills had to be paid and the five cent increase in November seemed to the School Board the only solution. Recent word received from the Dept. of Agriculture does not sound any more encouraging for the current year.

The Pelham Police Relief Association continues to support the free lunch program and their contribution is much appreciated.

No report can be complete without a word of thanks to the following for their time donated to the program: Carolyn Law, Claire Hanlon, Eleanor Burton, Barbara Vitale, Ann Blakely, Jean Robarge, Margery Nickerson, LaVerne Steck, Dorothy Constantin, Madeline Annis, Ruth Brock, Judith Lehmann, Jane Burton, and Joyce Burton.

May I take this opportunity to thank the women in the Lunch Program for their untiring interest and support as well as the Staff and Superintendent's Office for their cooperation.

Respectfully submitted,

VELMA L. HOULE
Lunch Program Director

REPORT OF TRANSPORTATION COMMITTEE

On October 26, 1966, the Pelham School Board appointed the following people to the Transportation Committee:

Mr. Albert J. Maki, Chairman
Mrs. Delena Barnard
Mr. Frederick Bischoff
Mr. Paul Haldeman
Mr. James Holt
Mrs. Margery Nickerson
Mr. Bernard Rock

The purpose of the Transportation Committee is to make a complete review of the Pelham school transportation system and to report their findings with recommendations to the Pelham School Board.

To date a great deal of time and effort has been expended by the members of the committee in accumulating and preparing data at the local, state, and federal levels in order that a complete analysis can be made and the Transportation Committee's recommendations forwarded to the School Board.
